Fun City, the pioneers of indoor family entertainment centres in Pakistan have made the entire nation proud by winning the MENALAC 2019 "Best Family Entertainment Centre" award for the entire Middle-East and North Africa region. The 2nd MENALAC awards were held at the Ritz Carlton DIFC, Dubai UAE on March 26th, 2019. The ceremony celebrated efforts of 200 leisure and entertainment companies and rewarded excellence, outstanding performance and achievements in various facets of the industry.

Fun City's Managing Director Kashif Ali expressed his thoughts on it as "It is a very humble and important moment not just for us as a company but also for Pakistan. Having opened our first center in 2013 at Centaurus Mall F-8 Islamabad and the second one in 2017 at Giga Mall DHA-II Islamabad, it has been a very successful and rewarding journey so far. The future plan is to open new state-of-the-art centres across major cities in Pakistan and keep on bringing highest quality international standard entertainment to our country"

Fun City is all set to open two new centres in Lahore and is on track to becoming the fastest growing homegrown chain of family entertainment centres that we as a nation can be proud of.

SABLE VOGUE

Esteemed luxury designer, Zarmina Zahid of Sable Vogue launched her SS19 lawn collection inspired by her beautiful daughter, Sanam. See how the muse styles up her mother's lawn in the most sophisticated way with her luxurious footwear brand, Paizaar.

This pretty powder pink design effortlessly portrays the brand's innately feminine aesthetic and will be an elegant choice for Ramadan festivities.

The exquisite black velvet rose appliques, with scalloped lace trim and a vibrant, floral dupatta illustrates delicate workmanship and is a must-have for SS19 occasion-wear.

From the ethereal gold jacquard pattern to the ultra-soft Chantilly lace embroidered dupatta - the brand's unique touch is evident in every detail.

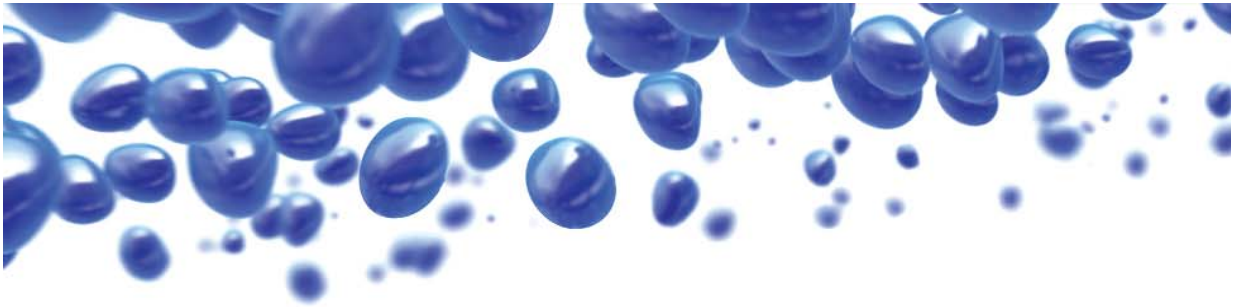

This cool, turquoise number adorned with floral embroidery and sun-soaked days make the perfect match.

The ivory design decorated with oriental blooms makes it a standout choice for stylish daytime soirees.

Crafted from premium Pima cotton, this mandarin design exudes bohemian glamour.

Up, Close and Personal with **NAILA FARRUKH OF KINGSTON COLLEGE**

TASKEEN ZAHRA SITS DOWN WITH THE VICE PRINCIPAL OF ONE OF THE LEADING SCHOOLS IN TOWN TO DISCUSS THE CHANGING TRENDS OF THE EDUCATION SECTOR

WHERE DID THE NAME KINGSTON COME FROM? IS THERE A STORY BEHIND THE NAME?

The name Kingston has been coined to symbolize grandeur and splendour, which also reflects in our logo - in terms of the infrastructure of the school along with the high standard and quality of education.

WHAT IS THE VISION AND MISSION OF KINGSTON COLLEGE?

The foundation of Kingston College was laid on the premise that it would mark the dawn of a new era in education where a child will acquire academic excellence along with the provision of state of the art facilities which are at par with global standards. Our mission is reflected in our slogan 'Enlightened Minds, Ambitious Souls.'

WHAT AGE GROUP DOES KINGSTON COLLEGE CATER TO?

We are an International Baccalaureate (IB) PYP candidate school, which offers classes from Playgroup to Class 8. O Level classes will commence in August 2019 and A Levels will be launched in 2020. The school caters to the age group from 2 1/2 to 15 years.

WHAT IS THE ETHOS OF KINGSTON COLLEGE AND HOW IS IT REFLECTED IN THE CULTURE OF THE SCHOOL?

We at Kingston acknowledge that education is as much about building character as it is about equipping students with specific life skills. We aim to groom our students into well rounded individuals who would be able to take the burgeoning

challenges of practical life in a positive stride. Hence the ethos of our school is marked with positivity and the environment is highly conducive for learning.

WITH ALL THE EXEMPLARY SCHOOLS IN PAKISTAN, WHAT MAKES KINGSTON STAND OUT FROM THE REST?

Our unique selling proposition is differentiated and individual attention is given to all our students. We also believe in rigorous communication with the parents and our keen focus is to ensure a 'non-tuition' culture. Furthermore, we have a unique blend of IB certified local and foreign faculty members who are experts in their respective domains and work relentlessly to create autonomous learners.

WHAT FACILITIES ARE READILY AVAILABLE FOR STUDENTS AT KINGSTON?

We have highly equipped ICT labs, interactive smart boards in all classes that ensure that our millennials channelize the technology in a conducive manner through activity based learning. We also have a fully operational amphitheatre where students showcase their talent, along with a functional gymnasium for mothers, as well as yoga classes that not only contribute to the physical development of the students but also have a very positive impact on the psycho-social and mental

development. In addition, Kingston offers an indoor swimming pool, Jungle Gym which is the first of its kind in Pakistan, horse riding, international standard tennis and basketball courts and a lush green cricket and football field.

HOW DO YOU INCORPORATE DIVERSITY AND INDIVIDUALITY AND ENSURE STUDENT CENTERED LEARNING AT KINGSTON?

We have an all-inclusive policy vis-a-vis admissions and we welcome socio-cultural and religious diversity. Given the fact that we are an IB PYP candidate school, our policies resonate with the IB philosophy of open-mindedness and international mindedness. Catering to individual learning needs and styles' and recognizing the agency of each child is at the heart of our classroom practices as well. We are fully cognizant of the fact that each child has his/her own idiosyncrasies and needs to be given the platform and space for his/her skills to be nurtured.

HOW DO YOU EMPOWER TEACHERS TO BE LEADERS?

By being involved in the decision making process and delegation of tasks. The teachers at Kingston are always encouraged to take initiative and given platforms to showcase their talents.

HOW WOULD YOU DESCRIBE YOUR LEADERSHIP STYLE?

We follow the distributed leadership model which entails shared, collective and extended leadership and takes into account the role and skill set

of all team members with a shared mission to maintain a school-wide culture of learning and improved outcomes for students.

WHAT ADVICE WOULD YOU GIVE TO A NEW TEACHER ON HIS OR HER FIRST YEAR?

We usually advice teachers to develop good inter-personal relationships since that's a pre-requisite for a congenial environment. Secondly, we urge teachers to be active team members and take ownership of their school and students.

WHAT ADVICE WOULD YOU GIVE TO A STUDENT ON HIS OR HER FIRST DAY?

Counselling and guiding students is an ongoing process - however, for a new student, our first and foremost priority is to make the student feel comfortable and at ease with the ambiance at school.

WHAT DO YOU THINK ARE THE MAJOR CHALLENGES TO EDUCATION IN THE FUTURE? AND HOW DOES KINGSTON COLLEGE ENVISION TO ADDRESS THEM?

Unfortunately, it has become a tedious and arduous task for parents to choose the best education for children from an industry that is increasingly plagued with commercialization and a consistent dearth of dedicated old school academics that focused on the child over financial motives. Kingston seeks to be the catalyst of change in this scenario and help mitigate the plight of the parents, our no tuition culture, differentiated attention to each child, and provision of excellent teachers would help put an end to the after school tuition culture.
